

3. Any treatment pursuant to this subparagraph must be directly related to the patient's life threatening condition and administered under the direction of a Florida licensed physician;

4. In no case may treatment pursuant to this subparagraph be administered when doing so would circumvent any known advance directive, living will or DNR order.

(c) Nothing herein shall be interpreted to allow, without full, informed, and written patient consent the use by a licensee, in any situation other than a medical emergency, of any device or substance, if the substance or device has not been approved for such use by the U.S. Food and Drug Administration.

(10) Successful completion of the Special Purpose Examination of the Federation of State Medical Boards of the United States (SPEX) is defined as obtaining a score of no less than 75 on that examination.

(11) For the purpose of implementing corrective action with regard to disciplinary proceedings, "community service" shall be defined as the delivery of medical services directly to patients, or the delivery of other volunteer services to an entity which is exempt from federal taxation under 26 U.S.C. Section 501(c)(3), without fee or cost to the patient or the entity, for the good of the people of the State of Florida. Community service shall be performed outside the physician's regular practice setting.

64B8-2.002 Tattooing: General Supervision.

The term "general supervision," as applied to tattooing under the provisions of Section 877.04(1), F.S., shall mean the supervision of the tattooist by a supervising physician, osteopathic physician, or dentist, which supervision shall not require the physical presence of the supervisor when procedures are performed, but shall require the following items:

(1) The supervising physician, osteopathic physician, or dentist, initially upon assuming duties as the supervisor and semiannually thereafter, shall review and inspect the techniques, procedures, and equipment utilized by the tattooist in the performance of tattooing.

(2) The supervising physician, osteopathic physician, or dentist shall provide semi-annual training for the tattooist in the areas of infection control, sterilization, and emergency procedures.

(3) The supervising physician, osteopathic physician, or dentist and the tattooist shall develop jointly written procedures regarding the medical condition for individuals to receive tattoos, treatment of routine minor problems resulting during or from tattooing, and detailed procedures to be followed in the event of emergency situations developing during the performance of or as a result of tattooing. These written procedures will be maintained in a readily available location on the premises of the tattooist and a copy shall be maintained by the supervising physician, osteopathic physician, or dentist. Such written procedures will be readily available for inspection and review by agents of any or all of the following: The Department of Health, the Board of Medicine, the Board of Osteopathic Medical Examiners, and the Board of Dentistry.
