EXAMINATIONS – ONSITE SYSTEM CONSTRUCTION PERMITS & INSPECTIONS / MASTER CONTRACTOR PART III

Onsite System Construction Permits and Inspections / Master Contractor Part III Certification Examination will consist of 50 questions, both multiple choice and true/false. You are allowed one hour and twenty minutes to complete the exam. Examinations will be graded as completed by the student, and 70% is the minimum passing score. Those students who do not pass the exam will be given the opportunity to review their examinations. A second examination will be given after the review period. A participant who does not achieve a minimum score of 70% on the second test will be required to take the course over, as will any participant who does not take the second test on the same day. Please note examination time does not qualify for CEUs.
