Concisely summarize this month's activities.:

The in house team has continued to have weekly meetings during May. On May 13th we met with Julianne Price. She reviewed our plans and took a tour of the Lincoln City Community. The team has compiled demographic information on the community and has obtained a map of the community from the property appraiser. Our first community wide meeting is scheduled for June 3rd at Mt. Pisgah A.M.E. Church. We have spoken with several residents in the community as well as handing out over 100 flyers door to door in preparation for the meeting. We have developed a power point presentation to introduce PACE at the community meeting. The team has examined two surveys from other counties and will utilize the community members to finalize the community assessment tool.

We will obtain community members to assist with the community assessment tool, administer the assessment and encourage their community members to participate in a community-wide meeting to obtain additional input.

We have also purchased our incentives, a \$10 gift card from Winn Dixie.
