Concisely summarize this month's activities.:

There was another good turn out for the monthly Community meeting and again representatives from the Palm Beach County Water Utilities Department were there to answer any questions about the new online sewage project. They were also needing a few more signatures for easement rights.

Other projects in the works were Welcome signs, a community yard sale, addressing problems and a boardwalk along the canal for fishing. They are also looking for volunteers to work with the Sheriff's Department C.O.P. Program.
