Concisely summarize this month's activities.:

During the month of May our emphasis was to get the community surveys filled out and returned to us. Although we have finished conducting the door to door walkthrough, many residents have yet to give us their surveys. At our monthly community meeting we saw an increase in interest for membership, as well as participation in community planning.

Some of the members completed a Resident Education to Action Program (REAP) and will receive grant awards for community improvements.

Additionally, we introduced and encouraged residents to maintain healthy homes and healthy families via our Healthy Homes Program assessment.

It is good to see new faces coming to the meetings and getting involved.
